VARIO LIGHTING TRACKS

Less Energy offers a high quality 3 circuit (3-phase) lighting track system which is fully compatible with 3-phase adapters of all major brands. The comprehensive range of innovative accessories – like the twisted L and T connectors – gives the designer maximum freedom to create the ultimate track plan. The Vario track can easily be shortened and the Ezklik mounting features make the track system quick and easy to install. After cutting the track it's immediately ready to install and there is no need to adjust the wires.

The Vario track products are being produced under certified ISO9001 and ISO14000 regulations and ENEC, UL, TUV and GS labels which are relevant for the European market.

3 Circuit DALI Vario track system

Less Energy 3 circuit DALI Vario track is a high quality track system for the professional lighting market. Make your lighting track a smart system. The track is suitable for track lights with a 3 circuit DALI adapter. The comprehensive range of innovative DALI accessories gives the designer maximum freedom to create the ultimate track plan. The track can easily be shortened and the Ezclik mounting features make the track system quick and easy to install. After cutting the track it's immediately ready to install and there is no need to adjust the wires.

DIMENSIONS

1 Circuit DALI Vario track system

Less Energy 3 circuit Vario track can easily be used as a 1 circuit system (1-phase) with DALI connection. It is eminently suitable for the professional lighting market where the track system is not too comprehensive and the budget is limited. DALI trackspots can be controlled by standard 3 circuit track. The only thing you need is DALI 1 Circuit accessories and ofcourse... a control signal!
